CARD OF THANKS

Mr. and Mrs. J. R. Ruark and family wish to express their thanks for sympathy and kind assistance tendered by many friends in the sickness and death of their beloved son, Glen.

PREHISTORIC RIBS

An amusing incident comes to light from Spain that would tend to cast doubt even upon the discovery of dinosaurs in the Red Deer Valley.

A group of Madrid scientists have completed their examination of an alleged dinosaur discovered in the rural district of Spain. To their chagrin, they discovered that what had been taken for the ribs of a giant dinosaur known heretofore only in the regions of the Rockies, had proved to be nothing more than the remains of a hay-making machine that had been caught in a land slide, many years ago.

If it wasn't a dinosaur of the Rockies, it nevertheless came from Canada because grooved in the metal was the stamp of a Canadian manufacturer of agricultural implements.

THE EGG POOL

Consideration is being given locally to the proposition of the Canadian Egg and Poultry Pool, and there is little doubt that if a large body of producers express a desire to have the pool handle their products, the local merchants will do their share in facilitating shipments.

The usual custom has been for merchants to handle the eggs "in trade," and this has proved a satisfactory custom from the farmers' standpoint.

It is possible however that the Pool and the grocers may co-operate in such a way that there need be little change in this feature of the handling of eggs. In fact 80% of the value is paid when shipped, with the final settlement every five weeks.

OBITUARY

GLEN WILLIAM RUARK

General regret was felt last Friday on the occasion of the death of the young son of Mr. and Mrs. J. A. Ruark.

Further reference to this sad event must, of necessity, be held over until our next issue.

ST. ALDHELM'S CHURCH
On Sunday next, March 30, the following services will be held: Sunday School 10:00 a.m.; Holy Communion, 11 a.m.; Evensong, 7:30 p.m. There will be a vestry meeting at the close of evensong.

The Federal government last year collected \$67,000,000 in taxes on liquor and \$28,000,000 on cigarettes. A tremendous sum.

AN ENJOYABLE FINISH

The series of social evenings under the auspices of Vulcan Branch, Canadian Legion, B.E.S.L., has been a real success. Bridge, whist and dancing have all been thoroughly enjoyed, and the general regret is that last Thursday was the last date of the season's schedule.

Winners for this final fixture were: Bridge—Ladies' High, 2726, Mrs. (Dr.) Carson; ladies' low 602, Mrs. Les. Marshall; gent's high, 2734, Major Dorrington; gent's low, 948, R. C. Bowie. Whist—Ladies' High, 201, Miss Mary Cook; ladies' low, 127, Mrs. Brooks; gent's high, 199, Mr. A. Larson; gent's low, 157, Mr. Al. Fisher.

CHURCH OF CHRIST YOUNG FOLKS ENTERTAIN

The evening service at the Church of Christ was supplied by the Christian Endeavor in a very able manner. The song service was followed by a reading which helped each one to realize the significance of leading and carrying on a Christian life. Miss Boose, Miss Althea Gonyea, Miss Marie Gonyea, each gave a parable and the explanation was given by W. C. Williams. Three other parables given by Messrs. Joe DeWitt, Theo Mutz and Buford Walker. The quartet was enjoyed by all.

The next number on the program, a playlet "Why go to Church," was put on by six of the young ladies, Miss Beulah Walker taking the leading part, after which an invitation song was given. The closing prayer was given by Mr. Deans. The outstanding feature of this program was the inspiration received by seeing these young people lead in this fine way.

LOCAL ITEMS

Mrs. A. Sales and Miss Eunice McIntyre were Calgary visitors last week.

Miss Gladys Marcellus was a visitor in Vulcan last week at the home of old time friends.

Born to Mr. and Mrs. O. A. Craig of Vulcan at Mrs. Speer's private hospital, on March 22nd, a son.

Mr. George Todd returned home on Monday from Ontario, where he shipped two carloads of horses.

Miss Mayor of Edmonton arrived in Vulcan on Tuesday to take up her position of stenographer in the Bank of Commerce.

Died at Mrs. E. Speer's private hospital on March 22nd, the infant son of Mr. and Mrs. O. A. Craig, of Vulcan.

Mrs. Posey, who has been visiting a number of weeks at the home of her parents Mr. and Mrs. Healip, has returned to her home in Washington.

LOCAL OPERA HOUSE TO INSTALL TALKIES

The management have chosen the paramount comedy sensation of the year "The Cocoanuts" to open the Vulcan Theatre with talking pictures on April 3, 4 and 5. This is a Ziegfeld musical comedy featuring the four Marx Brothers and has everything in it that goes toward making good light entertainment. Music, singing, dancing and talking.

Other attractions to follow at an early date will include:

"The Mysterious Dr. Fu Manchu" based upon Sax Rohmer's mystery story.

"Why Bring That Up," featuring Moran and Mack "the two black crows."

Harold Lloyd in "Welcome Dancer."

"The Virginian" an outdoor picture beyond description.

"Four Feathers," two years in the making.

"Love Paradise," featuring Maurice Chevalier.

"Glorifying the American Girl," with Mary Eaton and Dan Healy.

"The Vagabond King," an all technical production you will want to see again and again.

"Sweetie" featuring Jack Dakin and Helen Kane.

"Paramount on Paradise," with all the stars of the famous Paramount organization.

"Chasing Rainbows," featuring Marie Dressler, Geo. K. Arthur and Jack Benny.

"Hollywood Review" featuring all the stars of the Metro Goldwyn studios.

"Sunnyside Up," with Charles Farrell and Janet Gaynor.

"Happy Days," a minstrel show such as you have never had the opportunity of seeing before.

"The Sky Hawk," a melodrama of airplanes and aviators.

"The Lone Star Ranger," by Zane Grey.

VULCAN UNITED CHURCH ENJOYING SUCCESS

The United Church in Vulcan has been experiencing much activity and success since the commencement of 1930.

For many Sunday nights the church has been filled to capacity. On Sunday night, March 2nd was Father and Son service, the following Sunday, Mother and Daughter service, and Sunday night, March 16th an illustrated lecture on John Bunyan's Pilgrims Progress was given to a crowded house. Not many times has the church been packed with such an eager and attentive crowd. In this service Miss A. Spence sang "When I Survey the Wondrous Cross," in excellent voice and pleasing effect. Mr. E. Roebuck sang "There is a Green Hill Far Away," which brought back to memory one of the sweetest hymns of old.

Sunday, March 23rd was also a successful day. In the evening a large audience listened to a fine discourse by the Rev. J. N. Brunton, minister of our church. Rev. Mr. Brunton in speaking of Paul's experience in Rom. 7:19, "The Good I would do, that I do not and the evil I would not that I do," made use of a timely illustration from Robert Louis Stevenson, "Dr. Jekyll and Mr. Hyde." Dr. Jekyll is a splendid nobleman ministering to the broken-hearted. Ministering to the broken in spirit as well as in body; honorable and highly respected in the community.

In his laboratory one day he suddenly discovers a secret potion which when he drinks it, immediately transforms him from Dr. Jekyll to Mr. Hyde. From Dr. Jekyll the man of honor to Mr. Hyde, the man of dishonor, from the man of truth to the man of falsehood; from the man of love to the man of hate.

And so the potion changes Dr. Jekyll to Mr. Hyde, and Mr. Hyde back to Dr. Jekyll until the transformation becomes so subtle and so easy that finally without any effort he passes into Mr. Hyde and is no longer able to return to Mr. Jekyll and in the end he passes into the eternal world not as Dr. Jekyll but as Mr. Hyde.

The Rev. Gentleman emphasized the fact that the great tragedies of life are not when a man fails in business, not when a man's health is broken down, not when a young man is cut off by death in the midst of a great and most promising career. The great tragedies of life are between the Dr. Jekylls and Mr. Hydys in your life and mine. When Dr. Jekyll surrenders to Mr. Hyde; when honor gives way to dishonor; when virtue gives way to vice; when Mr. (Continued on Back Page)

CHURCH OF CHRIST

Communion at the usual hour.

Morning Message "What is Self Denial and Sacrifice?" This service is followed by the bible school hour. We ask all members and others to be present and have a part in the review of the most wonderful group of lessons from the ministry of our Lord and Master. The literature for the coming quarter will be distributed so be there to receive yours. The subject for the evening service "No Work, No Wages." This will be interesting to all seekers and also those who have obeyed the Gospel. Welcome is our invitation.

DON DEVEREAUX IS BEREAVED

Thursday last Mr. Don Devereaux was informed by wire of the death of his father which event took place in Victoria, B.C., on the same day.

Deceased who was over 70 years of age, was for a number of years a resident of the Carmangay district. He is survived by a widow, four sons and two daughters.

Local sympathy is extended to Don in his bereavement.

KIRKCALDY NEWS

Mr. and Mrs. W. Saunders were Taber visitors over the week end at the home of Mr. and Mrs. Gordon Saunders.

Mr. F. Roebuck was a Macleod visitor on Friday.

Mr. Oscar Almondson of Calgary, spent Tuesday with his sister, Mrs. W. Saunders.

Miss Edith Boose was a week end visitor at the home of her parents, Mr. and Mrs. H. F. Boose.

Mr. and Mrs. Billie Myers of Reid Hill were visitors at the home of his brother, Mr. Joe Myers on Thursday.

The Kirkcaldy Young People's Club will meet on Wednesday evening at 8 o'clock on April 9th at the home of Mrs. A. W. Maisey. Young people welcome.

Mr. John Hendry of Calgary, was a visitor at the home of Mr. and Mrs. Joseph Myers on Friday.

The Kirkcaldy Young People took their play to Brant on March 21st. A good crowd attended and all had a good time.

ALL LISTEN IN

Alberta has 6000 new receiving sets this year, making a total of 20,554 radio fans, all listening in, nightly.

Ontario is the province where the radio thrives most extensively with 201,673 homes equipped. Quebec has 89,992; Manitoba 25,000; Saskatchewan 31,992; British Columbia 34,349.

Vulcan Athletic Association Plans New Activity

The annual meeting of the Vulcan athletic association was held in the Memorial hall on Tuesday evening, March 18th. The president, Mr. E. King, occupied the chair.

The minutes of the last general meeting were read and adopted on motion by W. L. Irvine, seconded by C. McInnes.

The report of the auditor, D. D. McQueen, was read, showing a credit balance in the bank amounting to \$413.53. Moved by H. J. Maber, seconded by P. McAskile that report be accepted. Carried.

The chairman asked the meeting if it was the wish of those present that the association continue to function. Mr. Butchart addressed the meeting, giving an outline of the work of the committee during the past year and pointed out the wishes of the meeting which elected us. He asked that before we decide on the question of continuing we should see if anyone had any new ideas which might help in making our work more of a success. Mr. Irvine was of the opinion that we had undertaken too big a program during the first year and thought that we should try this year to promote baseball, football, basketball and possibly lacrosse. He told what the school was doing in the way of physical training. Mr. Recor spoke for the baseball club and said that it was impossible for them to carry on without the services of a paid pitcher, to which Mr. King replied that the committee had offered last year to pay for a pitcher's services. Mr. McPherson also spoke of the work of the committee and thought that even though we had not achieved our aims that our work had been worth while and that the foundation was laid for greater success. Mr. McAskile then moved and Mr. McInnes seconded that this Association continue to function, and Mr. McInnes added the suggestion that the committee in charge should be made up of men interested in each line of sport. Motion carried.

Mr. Irvine told us that it was the intention of the school to put on a field day on the 23rd of May and asked if the Association would support it to which Mr. King replied that this would be left in the hands of the new committee.

The chairman asked for nominations for the new committee. A Sinclair nominated W. L. Irvine; P. McAskile nominated E. King but he declined; W. Recor nominated C. McInnes; C. McInnes nominated R. L. Elves but he declined; A. Sinclair nominated A. E. White but he declined and he in turn nominated W. E. Butchart; T. Whittingham nominated P. McAskile; J. C. Kennedy nominated W. C. Recor. There were no further nominations, and the chairman declared nominations closed and the following elected by acclamation: W. L. Irvine, C. McInnes, W. E. Butchart, P. McAskile and W. C. Recor. Mr. King then asked this committee to choose one of their number to act as chairman for the rest of the meeting. Mr. Butchart was chosen and took the chair.

Mr. Butchart then asked for suggestions for the guidance of the committee in carrying on their work. Mr. Recor suggested putting on field days and Mr. Kennedy that we sell membership tickets. Mr. Bull suggested that we try particularly to train the older school boys in sports, and suggested that an attempt should be made to organize a Scouts movement in town. Mr. White spoke along this line also and told of the work of the Cadets.

Moved by Mr. King and seconded by Mr. McPherson that the secretary write the Steward of the Canadian Legion to thank them for the use of the assembly hall and office for our meeting. Carried.

Moved by Mr. White seconded by Mr. Irvine that a vote of thanks be given the retiring members of the committee. Approval of this motion was shown by applause. The meeting adjourned.

REV. GEO. A. DICKSON TO SPEAK HERE

The committee of the Canadian Legion are congratulating themselves in having been able to secure the Rev. Geo. A. Dickson of Knox United Church, Calgary, to be the principal speaker at their Vimy banquet on April 9th. Rev. Mr. Dickson requires no introduction to a Vulcan audience, or in fact to any audience in Western Canada. Nuff said! The committee have also been in communication with and have engaged various entertainers of merit. They are sincere in their belief that this event will be the largest ever put on locally, and it is up not only to every member of the Canadian Legion but to the general public to see that the glorious night of April 9th is fittingly commemorated. Get your tickets early and don't be disappointed.

LOCAL ITEMS

On a cold morning—prove REG A GASOLINE. Advt

Mr. C. A. Grundy returned last week from a lengthy visit to the State of Utah; his many friends were glad to welcome him home.

K. R. McLean, of McLean & Anderson, Sight Specialists, 224 8th Avenue West, Calgary, visits the King Drug Store Saturday, March 29th. Make appointments Drug Store.

Mr. and Mrs. C. H. Hoskyn and family returned last week from a most enjoyable trip to the Old Country. Mr. Hoskyn says that, after all, he is glad to be back in Vulcan.

A regrettable error occurred in our last week's issue in regard to the accounts of the Rest Room. The figures should read: Town of Vulcan \$133.33; M.D. of Royal \$66.66; also Mite Box \$21.79.

Thursday last the premises of the Vulcan Garage and Machine Shop were visited by burglars, and a small sum of money was taken from the cash drawer. The police have, as yet, no clue as to the identity of the offenders.

An advertisement in our last issue regarding a play and dance at Mayview school, gave the date as April 24. This is our mistake for which we apologize. The entertainment will take place on Friday, April 4 and will be well worth a visit.

The regular meeting of the Vulcan Women's Institute will be held in church parlour of United Church, Friday, April 4th at 2:30. The report of Southern District Conference will be given, also a short program. Everyone welcome.

The Ladies' Aid of the United Church will hold a bazaar in the Sunday school room on Saturday afternoon, April 12; this will include afternoon tea; sale of home cooking, candy and aprons and, as a special feature, a business men's supper will be served from 5:30 to 7:30.

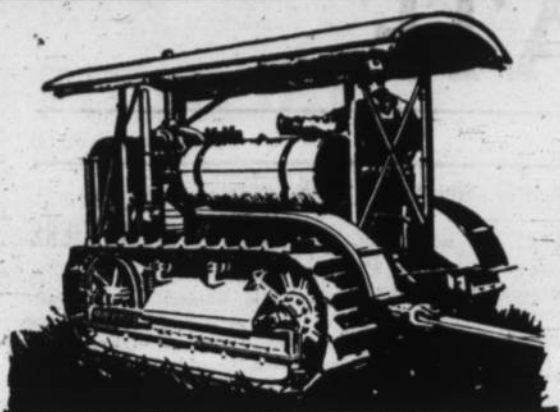

VULCAN LADY CURLERS END SPLENDID SEASON

The finale of a splendid season was the gathering of the curlers, members of the ladies' club, at the home of Mrs. P. McAskile, when pleasure was combined with club business to the satisfaction and entertainment of the many present. Court whist was played and prizes awarded were won by Miss McInnes, first, and Mrs. Laiselle, consolation. Then followed the attendance at the well laid tables and the enjoyment of service that contributed much to the excellence of the feast. Included in the program of variety was the presentation of the club cup to Mrs. Jim Marshall and the Shimp cup to Mrs. Pete Beardsley, and the distribution of the individual prizes to the several members of the rinks that were winners in the different competitions. Review of the activities of the season proved it to have been a real success, and the statement of the treasurer and other officers reported all demands paid and no bills outstanding, and with a considerable cash balance in the bank. Mrs. Errett King was elected president for the current year and ensuing season; Mrs. Schenck, vice president and Mrs. Picken, secretary-treasurer. These officers, with the skips of the rinks, constitute the executive of the club, but the latter are not chosen until curling time comes again.

UNITED CHURCH NOTES

The regular services will be conducted at the United Church next Sunday, March 30 at 11 a.m. and 7:30 p.m. And at Red Cross at 2 p.m.

The regular Easter Communion service will be held on the first Sunday in April at the morning service. The pastor will be pleased to have the names of any wishing to unite with the church either by certificate or profession of faith.

Save Moisture

More vital than ever is it to conserve soil moisture this year. More vital than ever is it to farm better and more efficiently. CATERPILLAR farming is the most efficient method of farming there is — and the easiest.

Have a chat with your neighbor who owns one — he'll tell you he cultivates deeper, more thoroughly and cheaper with his CATERPILLAR; the longer he has owned it the less of a problem moisture conservation is to him.

THE POOL

The real cause of all this outcry against the Wheat Pool is that the financiers and the manufacturers are not accustomed to seeing the farmers organized politically. They have organized for social and philanthropic the men who become millionaires by objects. But the men who get rich by lending money to the farmers and selling them goods do not relish the spectacle of these same farmers organizing to control their own markets.

Yet the sole object of the Pool is to retain for the men who grow the wheat the full profits of their labors which before the coming of the Pool were divided between the growers and the Grain Exchange speculators.

The Pool is not seeking a monopoly of the World's grain in order to gain control of the market. It is not attempting to hold up the price of wheat to the millers. It is conscientiously carrying out the functions for which it was created and in so doing it is doing no more than every sensible industry does. Than the selling agencies of every human product does. Than, for instance the orange growers of California do.

The Canadian farmers have an equal right with all other producers to organize themselves with a view to marketing their output in the most profitable manner. They are not exceeding that right. They are not striking any blow at the Dominion. They are rather building up its general prosperity and enhancing its wealth by bettering the methods with which the products of its greatest industry are brought into the world markets.

Abuse of the Pool; unfair criticism of its methods; sniping at its representatives; "bearing" its markets—Will neither drive from it the support and sympathy of sensible Canadians nor deflect their leaders or the rank and file from the straight-forward and courageous course they have marked out as being profitable, proper and patriotic.—Montreal Herald.

THE PERFECT KID

The youngster of from two to six, who registers as "perfect" with college educators has the following characteristics:

Knocks down little girls who snatch his hat.
Goes to school willingly.
Shakes hands if he likes your looks.
Knows a funny story.
Laces his own shoes.
Hangs up his clothes without orders.
Says "Please" and "Thank You."
Accepts punishment without resentment.
Pretends he is a fire engine or a bear.

STORIES OF MR. TAFT

The appreciation of the late Mr. William Taft, written for the Calgary Herald last week by C. O. Smith, Herald correspondent in Washington shows the deep regard in which Mr. Smith held the great leader.

We are reminded of a couple of little stories of Mr. Taft which Mr. Smith told when in Calgary a few months ago. These were told to Mr. Smith by Mrs. Taft.

As all Easterners know, Mr. and Mrs. Taft spent their summers at Murray Bay in Canada. They kept a Frenchman, Pierre, at the cottage as caretaker. One summer, on leaving the cottage, Mrs. Taft handed over a few of her husband's discarded garments to Pierre and family. On their return the following summer, Mrs. Pierre exclaimed: "Oh madame, de pants de de master, dey were so grand! One leg I use for Pierre, one leg for the boys, and the seat it make most grand sail for de boat."

Again, during an election campaign Mrs. Taft received an appealing letter from Minnesota. It was from a farmer, who had fallen on hard times. He was an ardent supporter of Mr. Taft. He had always taken an active part in every political campaign, canvassing up and down the countryside. But now, owing to hard times he did not have a decent suit to wear, and was unable to drum up a single Taft vote. The writer went on to say that he was an extremely large man and that it occurred to him that Mr. Taft's cast-off suits would fit him admirably. So if Mrs. Taft could see her way to sending him some garments, he would step out and bring him in a solid district.

Needless to say, the necessary clothes were immediately forwarded, though the gift didn't result in successful election.

GAMBLERS ARE HIT

The daily press is filled with the so-called business depression as a result of the low price of wheat.

But when you read these dolorous complaints, remember that it is the wheat gambler and speculator who has been hard hit and not the grower of wheat. The grower of wheat is accustomed to "ups and downs" in his business. He has sold wheat far below present prices and still lived, paid his bills, and carried on. He suffered hardships, to be sure, but he survived and the country prospered because of his grit and staying qualities.

But the wheat gambler, the man who mortgages his home, his furniture, his wife's diamonds, his library his dress suit to get money with which to gamble in wheat or stocks, he is the gentleman who now feels the pinch and who is causing all the so-called "business depression" talk. Many of his ilk have been stripped naked and will actually have to go to work soon to earn a living.

Remember that it is the irresponsible gambler and not the farmer who howls.—Bert Hoffman.

COAL BLOCKS WHEAT

According to an address made by A. J. McPhail of the Wheat Pool, the wheat interests were cramped by the attitude of the coal interests of Canada in their negotiations with the British government.

The suggestion that steamers might carry full cargoes by carrying coal to Canada on their return trip after taking wheat from Canada to Britain, met with very active opposition from the coal interests of this country.

This plan of the double cargo between Britain and Canada has in all probability been dropped.

Between 13,000 and 14,000 acres will be planted to sugar beet this spring, pursuant to an agreement made between the Southern Alberta Beet Growers Association and the Canadian Sugar Factories Limited at Raymond, and the hope was expressed that some 80,000 tons of beets would be sliced this fall.

Prof. Carlyle of the E.P. will remain in England only one week, and will return with thirty head of sheep and thirty head of cattle. He will sail April 1st for St. John with this consignment. This is the first shipment which the Prince of Wales has sent from England to his Alberta ranch in four years.

TRACTOR PRICES REDUCED

You can now get the
new 22-36 McCormick
Deering tractor for \$1300
cash. Long terms with a
small cash payment if de-
sired. Absolutely the best
and cheapest tractor on
the market today! Proven
performance and real
service behind every sale.
Your neighbor has one,
ask him.

Height of misfortune:
A seaisick man with lock-
jaw.

A celebrated soprano
was doing her stuff when
Bobby poked his mother
and said referring to the
conductor of the orchestra
"Why does that man hit
that lady with a stick?"

"He's not hitting her,"
replied the mother. "Now
be quite."
"Well then, what's she
hollering for?" argued
Bobby.

Incurables:
The fellow who rolled
under the bed, then wait-
ed for his collar button.
The man who slammed
his wife and kissed the
door.

The flapper, who, when
the doctor put the ther-
mometer in her mouth,
asked, "Have you got a
match?"

WHEAT AND POOL

Mr. A. J. McPhail reviews the stand
of the Wheat Pool in the last six
months. He concludes: "The real
cause of the present situation is the
very large crop produced in the four
large wheat exporting countries of
the world in 1928, as well as a very
large crop in Europe the same year.
The most important factor in this
situation was the Argentine crop and
its high quality, which I have al-
ready mentioned, and the policy adopt-
ed by the people who handle the
wheat from that country of shipping
the wheat and dumping it in the
world's markets at any price. Argen-
tine, as you know, is a long distance
from the market, and has only about
9,000,000 bushels of storage capacity;
consequently she must ship large
quantities of wheat afloat, unsold,
which simply must be sold while
afloat or upon arrival, at any price."

The Lethbridge Herald in discuss-
ing the attacks on the Pool, and the
Pool defense, remarks:

"The Wheat Pool angle appears to
be the same business angle as the in-
dependent dealers took, both in U. S.
and Canada. We venture to say it
was the attitude of 90 per cent. of
the Canadian people during the fall
and early winter months. It is easy
enough now to be critical and say 'I
told so' but such talk is foolish.
What Canadians need to do is to quit
rocking the boat; there have been
market crashes in stocks of all kinds
during the past few months; industry
on this continent has suffered, and it
is foolish to single out the grain
trade as the cause of all our misfor-
tunes. The quoted price of Cana-
dian stocks today is \$5,000,000,000
less than it was in July last year.
Why then, all the recombinations be-
cause, on some 225,000,000 bushels of
export wheat, the price has dropped
40 cents a bushel or only some \$90-
000,000 all told?"

AUTHOR & HOCKEY

Ralph Connor Sees Fastest Players
in Fastest Games—and is Fed Up

One of Canada's most famous sons
watched one of Canada's most fam-
ous games recently and confessed
himself just a bit fed up with it all.

He was Rev. Dr. Charles W. Gor-
don known to readers of books as
Ralph Connor, the game was hockey
and the team was the Maroons of
Montreal, who triumphed over Tor-
onto Maple Leafs by one lonely goal.

Absence of team play and the sub-
stitution of individual end to end rush
es is Dr. Gordon's complaint, but he
is full of admiration for the magnif-
icent condition of the players.

But when it was all over and the
doctor was going home with Frank
Groom whose guest he had been, he
had this to say. "Well, it is certainly
a fast game—fastest in the world—
but give me the amateurs every time,
particularly the juniors."—Lethbridge
Herald.

AGAIN SCHOOL ACT

With Voluntary Provisions, Perrin
Bakers' Act May Become Workable

With concessions on both sides, it
appears that Perrin Bakers' School
Act will be operative in districts that
so desire it.

A school division—operating under
the new act might be created by a
favorable vote, each division consist-
ing of five subdivisions in which are
such rural districts as the minister
may design.

Each school district is entitled to
send one delegate to the division and
these delegates nominate a candidate
to represent them as director.

The five directors elected, consti-
tute the district board. They are
paid \$5 per meeting, plus 10 cents
mileage. They appoint all teachers,
make necessary provision for second-
ary education, adopt a salary sched-
ule and pay teachers' salaries direct.
Provision is also made in a division
for employing physicians, nurses,
dentists. Funds are levied by the di-
vision from the municipal and im-
provement districts for school pur-
poses.

This allows certain freedom of
choice on the part of those opposed
to the School Act, and may pave the
way for its being tried out by groups
that desire to do so.

INTERESTING NEWS

The firm of McDougall and Second
has announced its intention of erect-
ing a store and office building on the
north side of Jasper Avenue, Edmon-
ton, at a cost of \$150,000. This work
will mean the dismantling of several
frame structures and improve the ap-
pearance of the street. Construction
will begin about May 1st and end
about September 1st.

Over 11,000 acres of homestead
land will be thrown open for entry at
Moose Jaw on March 17th, 18th and
19th. This is the Quarantine reserve
near the International boundary and
the West Poplar River. Prospective
homesteaders wishing to file on the
land the first day must be returned
soldiers having an adjoining section
under homestead or soldier grant en-
try. On the second day the land will
be open to all returned soldiers and
on the last day to the general public.

EASTERN IMPRESSIONS OF WESTERN EDITOR

A trip to Ottawa at this season of
the year when legislation is on its
way and the political pot is bubbling,
is always productive of interest, and
the Eastern viewpoint is always a
challenge to the Westerner.

This is particularly true this year,
when the vast army of Easterners
who have been stung on the Stock
Exchange are disposed to lay the re-
sponsibility for all this misfortune at
the door of the Wheat Pool. Despite
their orgy of gambling for the last
three years on mining stocks, and the
resultant crashes, they attribute all
business conditions to the fact that
Western farmers refuse to sell their
wheat. This makes a good fighting
point for any Western man in Toron-
to, Montreal or Ottawa.

House of Commons
However, this furnished the spice
of a profitable and enjoyable trip
to Ottawa, made early in March. The
occasion was a director's meeting of
the Canadian Weekly Newspapers'
Association, at which I was the only
director present from Alberta. It was
also the convention of the Quebec and
Ontario branches of Canadian Weekly
Press and many functions of business
and social nature were in order.

After the director's meeting which
dealt with matters of press interests,
I attended a sitting of the House and
it was my privilege to hear Miss Mc-
Phail presenting her case for peace
propaganda. The lone lady member
has a good speaking voice, and
though not particularly fluent, lay-
ner arguments clearly and is ready to
meet any criticism.

She was followed by R. B. Bennett,
who, while expressing admiration of
Miss McPhail's contentions, showed
that a certain preparedness is still ad-
visable and relatively speaking, Cana-
da may be said almost to be disarm-
ed.

Unfortunately I just missed Hon.
Charles Dunning, who was speaking
that day (March 7) on Tariff rela-
tions, more particularly in regard to
the Australian and New Zealand trea-
ties. It is evident from talk in the
corridors and impressions generally
gathered that the Opposition has "its
guns trained on Mr. Dunning and
that he is the object of great atten-
tion at the present juncture.

Clearance of Liquor

Premier King will no doubt gain in
the estimation of many prohibitionists
as well as law-abiding citizens in his
stand on refusing clearance of liquor
destined for the United States. The
situation along the border to which
the Canadian government has been
forced to be a party has been felt to
be a disgrace for a self respecting
nation and has been fraught with pos-
sibilities of international incidents of
a dangerous character. There is no
doubt about it, there is a lawless
gang engaged in the liquor smugg-
ling business and it should be stopp-
ed, but it should be stopped by the
United States officials. When clear-
ances of liquor is stopped it is feared
that a worse condition will prevail
for the gunmen will then locate on
the Canadian side and the brunt will
have to be borne by the police patrols
of Canada. It looks like an ugly sit-
uation.

Visit Montreal

The weekly newspaper men were
invited to a banquet in their honor
given by Lord Atholstan and the staff
of The Family Herald and Weekly
Star. The guests were drawn from
the Atlantic to the Pacific, about 135
in number, and for cleverness and wit
it excelled any similar function I
have attended.

Lord Atholstan the host in chief,
was unable through illness to be
present, and the banquet was presid-
ed over by Mr. C. Gordonsmith who
read to the guests, Lord Atholstan's
message, a part of which is as fol-
lows:

Backbone of Press

"The weekly paper is in many re-
spects the backbone of the press of
the country. It is far closer to the
people whom it serves than a great
city journal can possibly be. Its con-
stituency is more stable. The cities
have inevitably a large proportion of
floating population. Even those who
stay long are not securely rooted. A
little brighter prospect somewhere
else, and they are off. But the town
and country population of Canada is
its permanent and substantial founda-
tion. The press which is in most
intimate touch with its readers, is the
press which most accurately voices
the opinions and the conscience of the
Dominion.

"Happily, the days of the hard-
pressed country weekly are past. The
owners of weekly papers are now
among our shrewdest business men
and they make good money where
their predecessors were supposed—at
least by the humorists—to take cord-
wood and pumpkins for subscriptions.
I hear of these more modern publish-
ers spending their winters in Florida
and buying up city dailies, and it is
delightful to hear it. A good local pa-
per well deserves all the support it
can possibly get. No community ever
makes a more profitable investment
than when it maintains and keeps
alive and independent its own weekly
journal. I offer my best wishes for
the continued success of the country
newspapers.—Atholstan."

Hugh Savage and Rev. Canon Shat-
ford also were speakers with Canon
Shatford convulsing his audience with
story and reminiscence. His earliest

recollection of a weekly was the Fam-
ily Herald and Weekly Star, which
served in his home as almanac, a bi-
ble and a record of jurisprudence. A
similar role in lesser degree, he was
sure was attached to all weekly news
papers.

After the banquet a number of us
spent what was left in the evening
at the old home of Lord Strathcona,
now a popular club. Its original cost
was \$400,000 and its splendid appoint-
ments may be imagined—rooms of
hand carved maple or in mahogany
finish, with richest of hangings and
tapestries, all of the Victorian period.

Hears Aaron Sapiro
Luncheon next day, was one of the
high lights of the Montreal visit, un-
ique in many respects.

I was a guest at the Reform Club—
in itself a unique event. The day
was the occasion for a reception to
the Manitoba Progressives and was
presided over by Mr. Jacobs, M.P., of
Montreal, a Jew and a man of parts.
Ranged round the luncheon table
were a strong phalanx of French Ro-
man Catholic members the Jewish
host, the Manitoba Progressives made
up of every nationality. It was quite
an assembly.

Mr. Jacobs, before introducing the
Western speakers, touched optimisti-
cally on the future conditions, despite
the present gloomy attitude. The
country is far too diversified in its
interests ever to come to any serious
impasse, or to meet any obstacle
forward. In witty words he introduc-
ed several Progressives as speakers,
some Aberdonians, some of Irish de-
cent, all of whom spoke well, and con-
tributed to the general comradeship.

But to cap the climax Mr. Jacobs
finally did introduce a great fellow
compatriot, Mr. Aaron Sapiro.

Sapiro on Pool

Mr. Sapiro had nothing but the
highest words of commendation for
the Canadian Wheat Pool and the con-
duct of the Pool. It is a magnificent
organization and in this respect he
contrasted its functioning and opera-
tion with the U.S. Farm Bureau
which in spite of advantages and as-
sets, had blundered repeatedly.

"I know no point in which the con-
duct of the Pool can be criticized," de-
clared Mr. Sapiro. While acknowledg-
ing his personal conviction regarding
Compulsory Pooling, he made little
reference to this. His main effort was
to place before the business and po-
litical men present, the strong founda-
tion on which the Canadian Pool
was built, with great resources paid
for and its huge backing. This pool
which has become the biggest business
undertaking in the world—does de-
mand however that the keenest brains
the acutest intelligence available
should be directing its affairs, regard-
less of salary which might have to be
paid. It is no \$10,000 job, rather
more like \$50,000 or \$75,000.

The Pool, sound in principle and
practice is at present weathering a
combination of hostile forces. At first
possibly, only one agency attempted
to undermine it. But to this has been
added the selling agency of Europe,
the millers of Europe, and, greatest
factor of all the poverty in Europe
which compels the natives of many
foreign countries to eat bread from
inferior home-grown flour.

Story of Sapiro

In conversation with Manning Do-
herty, former Minister of Agriculture
in Ontario, a little story was told il-
lustrating the complexities of the man
Sapiro. It seems that when Mr. Do-
herty was Minister of Agriculture in
Ontario, he called for help from Mr.
Sapiro to organize in some way the
Dairying and Poultry elements of On-
tario. He studied conditions, made
many visits and speeches started a
co-operative system. When he was
leaving, Mr. Doherty asked for his
bill. Mr. Sapiro refused any compen-
sation, stating that co-operative mar-
keting was his pet fad, and wherever
he could further it, he would do so;
and lastly he was well paid from other
sources.

Mr. Doherty later, made up an es-
timate of the known expenses of Mr.
Sapiro in connection with his visit.
He sent him a cheque to cover these
but this was promptly returned. Pool
principles are evidently the breath of
life to Mr. Sapiro.

Eastern Business

Although many individuals were
caught severely in the Stock Market
crashes of last fall, yet the whole cri-
sis is considered as a stabilizing of
conditions. Work was becoming less
popular than gambling and the whole
financial atmosphere was unhealthy.
Advertising agencies and corpora-
tions may be regarded as good bar-
ometers of business conditions. And
these are hopeful in their outlook.
The Chevrolet is expectant of a big
year, as is General Motors. Undoubt-
edly the cheaper cars will be much
more in evidence this year.

Railway circles are living up
with both C.P.R. and C.N.R. launch-
ing extensive building programs.

All the great resources of Canada
are still intact, and the whole col-
lapse has been due to the orgy of
quick money-making. Present condi-
tions are serving merely as a clean-
ing out process to be followed by re-
turn to sane business values.

Speaking to an Ontario farmer he
told of heavy depreciation of farm
lands. Speaking for himself he said
his farm of 100 acres depreciated
\$2500 in value the past two years. In
fact he said he could not sell at any
price now.

Windstorm

The high winds of the past few days and the reports
of terrific storms in various parts of the country re-
minds us of the need of

For 9 Years Gas

Ruined Her Sleep

"Due to stomach gas I was restless and nervous for 9 years. Adlerika has helped me so that now I eat and sleep good."—Mrs. E. Touchstone.

Just ONE spoonful Adlerika relieves gas and that bloated feeling so that you can eat and sleep well. Acts on BOTH upper and lower bowels and removes old waste matter you never thought was there. No matter what you have tried for your stomach and bowels, Adlerika will surprise you.—Errett King, Druggist.

PERSISTENCE WINS

Whether or not everyone is in accord with Hon. Perrin Baker's school act, the minister must certainly be credited with persistence. His school act has been his pride and pet and evidently he is utterly convinced that it is necessary. So instead of attempting to force it raw down rebellious throats, he has nipped it in the bud, conceding there, until he has removed most radical features and yet has the principle and framework with which he started. In addition he has the approval of the legislature generally. Mr. Baker is hopeful that it will produce several most desirable reforms. In his statement in the Legislature he said:

"The establishing of larger units will bring about the full-time operation of all schools; the solving of the problem of secondary education in the rural areas, insofar as it is capable of solution, and the more equitable distribution of the cost. It will bring about the more intelligent selection and placing of teachers. It will provide thorough supervision. It will make possible the elimination of the ineffective and, by offering some prospect of advancement through the establishment of suitable salary schedules and by enabling teachers to serve under a more disinterested and responsible control. It will enable the rural schools to hold a larger share of the better teachers."

About forty thousand new car licenses have been issued at Edmonton so far this year and is much larger than last year at this date.

ANNOUNCEMENT RE ORGANIZATION

Owing to the fact that our deal fell through due to financial circumstances we have decided to carry on business as usual. New Stock will be added daily. WILL TARIFF RAISE?

Revision Lists of U. S. Senate and House Now Finished Settled in Conference

The revision of U.S. tariff rates has been ended by the Senate at Washington, and it will be decided in conference whether the recommended Senate or House rates will be adopted, or whether present rates will stand. The whole tariff revision appears to be directly opposed to the business interests of Canada, and the final decision of the Conference is being waited anxiously.

Almost every industry receives a blow in the proposed revision.

Cattle—Present duty 1 1-2 cents up to 1040 lbs. and 2 cents above. Senate recommends 2 1-2 cents up to 700 lbs. and 3 cents above 700 lbs. The House 2 cents up to 800 lbs. and 2 1-2 cents above 800 lbs.

Beef, fresh—Present 3c. Senate 6c House 6c.

Sheep, live—Present 2c; Senate 3c; House 3c.

Swine—Present 1c; Senate 2c; House 2c.

Hides—Present free; Senate, free; House 10 per cent.

Bacon and Ham—Present 2c; Senate 3 1-4c; House 3 1-4c.

(The eastern provinces will read with consternation.)

Milk—Present 2 1-2c; Senate 6 1-2c House 5c (gallon).

Cream (gallon)—Present 20c; Senate 56 6-10c; House 48c.

Butter—Present 8c; Senate 14c; House 14c.

Eggs—Present, 8c; Senate 10c; House 10c.

Potatoes—Present 50c cwt.; Senate 75c; House 75c.

Brick—Present, free; Senate \$1.25; House \$1.25 per 1000.

Cement—Present free; Senate 6c; House 8c.

In lumber, tariff increases suggested include cedar maple and brick flooring, beech flooring, pulp and pulp board.

UNITED CHURCH SUCCESS

(Continued from Front Page)

Jekyll becomes Mr. Hyde.

He went on to say that God intends every young man and woman to be Dr. Jekyll's with the finest motions and passions, but you and I come along and take up the make up stuff of the world and we so disguise ourselves that we do not know ourselves. No matter how fast we walk there is always someone dogging our step—its you or other self. Dr. Jekyll or Mr. Hyde.

Either you are in collusion with Jesus Christ to be Dr. Jekyll or you are in collusion with the Devil to be Mr. Hyde. "When I would do good, evil is present with me." The speaker closed with the sincere hope that the message may awaken in every boy and girl and every man and woman the sense of security and safety in Jesus Christ.

He knew of no other security, and there is no other refuge. "Other Refuge Have I None."

Miss Ellen Symington sang "The Task," in a very pleasing manner. A quartette of Mrs. White, Miss Lebow, Mr. Butchart and Mr. Ottewill added much to a very enjoyable and instructive service.

The Sunday school under the supervision of Mr. P. McArdle has had record attendance. On Sunday, March 16th, there were 142 present out of an enrollment of 150. Sunday school at noon.

Next Sunday, March 30th we are looking forward to another interesting day.

At the morning service, 11 a.m., we have as our guest the Rev. Dr. John Menzies of Honan, China. Dr. Menzies is a fine speaker and we are sure to have a very interesting talk on this very interesting country, China. We invite you all to come.

In the evening the Rev. J. N. Brunton will give an address to the young people, this will interest the old ones too, on the "Attractiveness of Jesus" at 7:30 p.m. Special singing by the choir.

STRAW VOTE RECORD

Wet-Dry Straw Vote Taken in U. S. Proves Interesting

The Literary Digest straw vote on the Wet-Lry problem in U.S. is coming on apace. Votes for enforcement now number 191,909; for modification 224,141; for repeal 287,885. Kansas piles up its lead for enforcement, as do Iowa and Nebraska Georgia, Indiana, Oregon, South Dakota and Washington. On the other hand, Illinois, Missouri, New York, Wisconsin Pennsylvania and New Jersey vote very wet, with Missouri pretty damp. A good many letters have been received from people who received no ballots and who want to register their sentiments.

CO OP CREDIT ACT

Liberal Leader Asks for Auditing of all Credit Society Books

Charging that the Treasury dept. had not exercised control over the actions of the supervision appointed in the Co-Operative Credits Act, and that the colonization scheme of the Donatville Co-Operative Society was ill advised, Leader Shaw presented his case for an auditing of all credit society books in the province.

Mr. Brownlee stated that there was no suggestion of fraud on the part of Donatville Society or that the supervision had acted with improper motives.

Capt. Shaw however, pressed for a closer supervision of the use of funds by these credit societies.

Hon. Reid, provincial treasurer, stated that all societies receiving guarantees from the government have security to more than cover their total indebtedness to the government.

Captain Shaw's recommendations were mainly: (1) a thorough check up of the financial affairs of the credit societies; (2) that every application for an advance where a government guarantee may be asked, should be in writing with every detail specified; (3) that a most complete audit should at all times be maintained in the interests of the Society itself.

TEACHERS' PENSION

No Satisfactory Scheme Has Been Been Developed for Teachers' Pensions

The motion to draft a Teachers' Pension's Bill was voted down by the Legislature in Edmonton. The arrangements for this Bill were that civil servants, school inspectors, normal school teachers are all included in a pension scheme which is partly supported by the provincial government. Premier Brownlee however, felt that the time had not arrived for such a measure. He pointed out that none of the schemes operating in other parts of the Dominion had proved a success and he would prefer waiting to see what the many experiments would produce, that would prove satisfactory. Mr. Baker also supported the Premier in the contention that no satisfactory scheme had been developed elsewhere as yet, and that pensions would prove no cure at all for the teaching profession.

BULLISH ON CANADA

Chas. V. Bob, millionaire mining operator and financier in a recent interview expressed himself as "being bullish about the future of Canada." He said "Canada is richly endowed with fertile agricultural land producing millions of dollars each year. It has tremendous stands of timber. Its undeveloped water power is an asset which can hardly be appreciated. With all these riches which are practically untouched, I cannot see how anyone can be other than powerfully impressed with the future of the country."

In addition to these advantages Canada is rich in undeveloped mining properties. I believe that infinitely more mines will be found there than have been developed. With aeroplane transportation a great saving in time and labor results and this alone will cause more and more mining districts to be opened up.

The Dominion Government has been of great aid to mining development work, as well as smoothing the path of the prospector and mining financier.

MINERAL SALTS/GIVE HER TIRED HUSBAND NEW PEP

"My husband took 2 bottles of Vinol. Now he has good appetite and more strength, pep and vigor than he ever had."—Mrs. Ralph Starkey.

Doctors have long known the value of mineral elements iron, calcium with cod liver peptone, as contained in Vinol. Nervous, easily tired people are surprised how Vinol gives new strength, sound sleep and a BIG appetite. Gives you more PEP to enjoy life! Vinol tastes delicious.—Errett King, Druggist, Vulcan.

BRING IN YOUR REPAIRS

UNITED CHURCH ADULT BIBLE CLASS

Next Sunday Afternoon, March 30, at 2:30

Our study lesson will be "Pentecost"—has it a place in our Church today? It is nineteen hundred years this year since His Disciples had this first experience.

We will study: Second Sunday, "Jesus the Christ"; Third, "The Apostles"; Fourth, "The Apostle Paul."

You are invited to attend our Class which we hope will be helpful. Praise Led by Class Orchestra.
